Dear Jim:

On behalf of the executive committee for the Pediatric Heart and Lung Transplant Study Group I would like to thank you for making your presentation on the CTRD to us during our meeting in New Orleans. I am glad that we finally reached a concensus so that we can get down to business. I feel that it was the best decision to go with your database, and I hope your experience with us will be as fruitful as with the adult Working Group. You will find our group is very dedicated to trying to improve the lives of our transplanted children.

Thank you for again for participating in our meeting. Bob Morrow, I am sure will be in touch to coordinate the forms for the next step. Please let me know if there is anything that I can do to expedite matters. I look forward to working with you in the future.
With warmest personal regards,

Sincerely,

Linda J. Addonizio, M.D.
Associate Professor of Clinical Pediatrics
Medical Director,
Pediatric Cardiac Transplant Service

CC: Robert Morrow, M.D.
